Pediatric vision benefits are included

Clear vision and healthy eyes are critical to childhood development, so Health First Health Plans offers pediatric vision coverage with certain Small-Employer Group and Individual/Family plans.* Under these qualifying plans, vision benefits described below are provided to all members through the end of the year in which they turn 19. Have your child's eyes checked regularly to find and treat problems early.

Your health plan automatically includes the following pediatric vision benefits with:

- No additional premium
- No cost-share for covered benefits
- No annual maximum benefit

Covered services**

1 routine vision exam per calendar year

\$0

1 pair of standard child frame and basic lenses each calendar year

Starting in 2019, up to two (2) prescription fills of standard contact lenses can be covered as an alternative to glasses each calendar year.

\$0

For more information

For more information about vision benefits included with Small Group plans:

- Contact your broker;
- Call Health First Health Plans weekdays from 8 a.m. to 6 p.m. at 1.855.443.4735; or
- Visit us at myHFHP.org

*The Affordable Care Act requires pediatric vision coverage to be provided with Small-Employer Group and Individual/Family plans that begin on or after January 1, 2014. Benefits are provided to members through the end of the year in which they turn 19.

**Services must be obtained from a participating provider. Exclusions and limitations may apply. This is only a benefit summary and does not replace or serve as a plan contract or policy. For more information, contact us or your broker, or see your plan documents.

If you are enrolled in a high-deductible plan, eligible for a Health Savings Account (HSA), you must meet your plan's deductible before pediatric vision benefits are covered with no cost-share.
