† A benefit period begins the day you are admitted to a hospital or skilled nursing facility. The benefit period ends when you have not received hospital or skilled nursing care for 60 days in a row. If you go into the hospital after one benefit period has ended, a new benefit period begins. There is no limit to the number of benefit periods you can have.

*** Worldwide urgent/emergency care coverage:** Health First Medicare Advantage Plans cover emergency services and unforeseen urgently needed medical care outside the United States, including when you are on a cruise ship. If you receive covered care from a provider outside the United States that does not participate with Medicare, you may be asked to pay up front for the services and be reimbursed from the plan later. We will pay up to 115% of the Medicare-allowed amount in our service area (Medicare's limiting charge for non-participating providers), less any applicable cost-share. **Please note that Medicare-allowed amounts can be much less than the provider charges you, and you will be responsible for paying the difference.**

** Any Medicare-covered benefit that is covered in-network is also available out-of-network. Please refer to the Summary of Benefits booklet for out-of-pocket and annual maximum coverage. Facilities may charge different amounts, so your final cost may vary depending on which facility you choose.

***** Medicare Advantage Plans are a type of Medicare health plan offered by a private company that contracts with Medicare to provide Part A and Part B benefits. Services are covered through the plan and aren't paid for under Original Medicare. Medicare Advantage plans are not a Medicare Supplement/Medigap policy.**
